RE: Freedom of Information Act Request

Dear Richard Manasseri:

On November 1, 2015, the Michigan Department of Health and Human Services (DHHS) received your October 31, 2015, Freedom of Information Act (FOIA) request via electronic mail. According to 5(1) of the FOIA, “[a] written request made by facsimile transmission, electronic mail, or other electronic transmission is not received by a public body’s FOIA Coordinator until 1 business day after the electronic transmission is made.” Section 5(2) of the Act provides that the public body shall respond to a request “within 5 business days after the public body receives the request.” Your request is as follows:

“I am requesting to obtain a copy of the annual plans or abstracts pertaining to refugee resettlement/refugee assistance in Michigan submitted to the Michigan Department of Health and Human Services by community agencies for the FY 2016. The records being sought indicate the number of refugees Michigan will take during the FY 2016 through the Refugee Resettlement program, the origin of the refugees, and the destination city (city or town in Michigan) where the refugees are being place.”

The DHHS notified you in its November 2, 2015, letter that the DHHS was extending its five-business day response deadline by an additional ten-business days. This extension for the DHHS’ response was necessary because the DHHS needed additional time to locate and retrieve the records that may be responsive to your FOIA request.

Your request for public records has been granted in part and denied in part and is subject to the conditions and procedures of the Michigan FOIA. This Act permits that a fee may be charged for the cost of locating, reviewing, and duplicating the public records you have requested. However, the DHHS will not charge a fee for this request. This fee waiver is limited to this request only.

The Michigan Social Welfare Act, 1939 PA 280, as amended, MCL 400.64(1), specifies which individuals and organizations may receive copies of DHHS client records. The DHHS cannot release DHHS client records to you without one of the following:

 - The written permission of the DHHS client which authorizes the DHHS to release a copy of his/her records to you; or
 - A subpoena/court order signed by a Michigan judge ordering the DHHS to release a copy of the DHHS client's records to you.

Information of a personal nature if public disclosure of the information would constitute a clearly unwarranted invasion of an individual's privacy.
